PROFESSIONAL SUMMARY

Software engineer with a proven ability to adapt in both self-starting and collaborative environments while staying focused on achieving high-quality results under strict deadlines. This quality and results-based approach drove me to collaborate with cross-functional teams to deliver high-performing, user-centric web applications using React.

EXPERIENCE

Front-End Developer Intern

December 2023 – Present

Crisfood Online LLP

Bhiwandi, Thane

- Collaborated closely with the development team to enhance the user experience of Crisfood Online's web platform using **React.js**, contributing to a more intuitive and visually appealing interface for users.
- Continuously explored and implemented innovative solutions to improve frontend functionalities and **frameworks**, staying updated with the latest industry trends and best practices in web development.
- Actively participated in team meetings, contributing valuable insights and suggestions for process improvements, fostering a culture of **continuous learning** and development within the organization.
- Collaborated with the design team to implement **responsive design** principles, ensuring seamless user experiences across various devices and screen sizes.
- Implemented **performance optimization** techniques such as code splitting and lazy loading, resulting in a significant decrease in page load times and enhanced overall site performance.

PROJECTS

Personal Portfolio | *React*

April 2024 – May 2024

- Developed a Personal Portfolio Web Application Using React.Js
- Used GSAP (GreenSock Animation Platform) for smooth animations
- Used Swiper.Js for implementing card components
- Used various libraries for building components
- **Open Github**

Voting-System | *React*

May 2024 – May 2024

- Developed a Voting Web Application Using React.Js
- Created a login page for authentication
- Used local storage to store data
- Used various libraries for building components
- **Open Github**

E-Commerce Web App | *React*

May 2024 – June 2024

- Developed an E-Commerce Web Application Using React.Js
- Used dummyjson for authentication
- Used Router for navigation through webpages
- Used redux for state management
- **Open Github**

EDUCATION

BNN College

Bachelor of Science in Computer Science

Bhiwandi, Thane

Aug. 2020 – May 2023

KMES College

Higher Secondary Certificate in Science

Bhiwandi, Thane

Aug. 2018 – May 2020
